

APRIL 24, 2008

From: Chris Popp, Landscaping and Beautification Committee

On Saturday, April 26th, at 8:00 am, members of the Landscaping and Beautification Committee will be meeting at the waterfall to do some initial clean up of our community. They will concentrate on the entryways and waterfall area and plan to pull weeds, rake up bare spots, pick up debris and possibly do some trimming of plants and bushes. The committee is always looking for new members--go to the "[Briar Cove Committees](#)" page for more info.
